A photograph of a bride and groom in a field at sunset. The sun is low on the horizon, casting a warm glow over the scene. The couple is in the foreground, with the bride in a white dress and the groom in a dark suit. They are looking at each other and about to kiss. In the background, there are trees and rolling hills under a blue sky with some clouds.

Engagement

The engagement shoot is a professional photo shoot we capture before your wedding day (at least 1 month before) on location.

The engagement shoot allows you to be relaxed & comfortable in front of the camera, and get a feel for what to expect on the big day.

It benefits us by seeing how you photograph, the dynamics of your relationship and helps us to get to know you a bit better before your big day.

It's great for you as you can see how we work and from the photos you can communicate what you do and don't like which will help us to take photos you'll love even more.

Engagement Photography Session - \$550

You are an incredible talent and the photos are so breathtakingly beautiful.
We could not have hoped for anything more.

I think it would be impossible to find a better photographer."*
